HE WAS ASHAMED OF HIS WIFE, BUT WHEN THE CRISIS CAME IN THEIR LIVES SHE WAS THE ONE WHO HELD THE REINS.—SEE IT AT THE COLONIAL, TUESDAY FEBRUARY 3RD.

The Dallas Daily News reaches Hondo at 11:50 o'clock A. M. on its day of publication. The News is the daily paper par-excellence for Texas. Try it and you will be convinced. Hand or send your subscription to us and get FLETCHER'S FARMING free—both papers for the price of one.

C. E. McCashin, a Civil Engineer with the State Board of Water Engineers, passed through Hondo today, returning to his home in Austin from Uvalde County where he had been on official business. He informed us that his mother-in-law, Mrs. Pattie Rose Hall, is very weak from her protracted illness but is holding up well for one of her age.

"Zen of the Y. D." is a fascinating love-story of Canadian north-west ranch people. You will enjoy reading every line of it. In book form it would cost you \$1.50 or \$2.00. It began as a serial in the August number of FARMING and all who send us 25 cents to join FARMING'S story club will be sent all of the numbers including the back numbers containing the story—the contents of a \$2.00 book for a quarter. Send us the quarter now.

At the hour of going to press Friday afternoon, County Agent Forgason, District Agent Darrow, Mr. Lancaster of the Extension service and about a dozen of Mr. Forgason's advisory committee, representative farmers from the various parts of the county, were holding an important conference at the Chamber of Commerce Hall. The purpose of the conference was to outline a program of work so as to best meet the seasonal and community needs in the demonstration work. We hope to give a more extended report in our next issue.

From some undetermined cause Jack Fusselman has lost eight cows. These cows were found dead almost in a pile Thursday. County Agent Forgason was notified and assisted by Mr. Fusselman, the stomach of one of the cows, together with a quantity of water from a pool near by were sent to Austin for a chemical investigation. It is the opinion of those who viewed the dead cows that their death was caused by poison, but just how they got the poison is what is puzzling Mr. Fusselman and the others who have investigated the matter.

The Hondo Farm Loan Association this week paid a loan of \$6,500 to a borrower. The Association also received an application to retire a \$10,000 loan, which goes to show that some of our people at least are prosperous. This \$10,000 loan had been made some five years ago, but the magnificent crop of 1924 not only enables the gentleman to pay back his loan but leaves him a considerable surplus still on hand.

## HONDO-DEVINE BASKET BALL GAME.

The Hondo High School girls' basket-ball team went to Devine Friday afternoon where a matched game was played with the Devine High School team.

During the first quarter the Hondo girls showed their usual spirit and the quarter ended 6-0 in favor of Hondo.

During the second half the larger court, than the Hondo girls were accustomed to, began to tell on them and, though they put up a good fight, at the end of the half Devine had tied the score 6-6.

Wearied to exhaustion, by playing on a boys' court nearly twice the size of the standard girls' court to which Hondo was accustomed, the second half ended disastrously for Hondo and Devine annexed the game by a 15-6 score.

Hondo line-up: Guards, Frances Neuman and Elvira Rothe; Forwards, Rhoda Mae Taylor and Irene Haass; Centers, Anne Davis and Iris Strawn; Substitutes, Lillian Ulbrich and Thelma Lynch.

Devine line-up: Forwards, M. Howard and A. Tomblin; Guards, L. Cruchfield and — Howard; Centers, Louise Morris and A. McMillan; Substitutes, Bobby Morris and Jesse Jewel Morris.

Referees: Hondo, Mrs. F. S. Cockrell; Devine Miss McCaughan.

### INTERESTED IN TERRACING.

Seventy-five persons attended three terracing demonstrations held by County Agent Forgason.

Three terracing demonstrations in three communities were held in the county last week, one on the W. S. Lilly farm near Devine, one on the Albert Keller farm in the Shook community, and one at the Joe Burgen farm at Yancey.

County Agent Forgason with the aid of M. R. Bentley, engineer from A. & M. College, surveyed the land and conducted the work. A Martin Ditcher, donated by Loggins & Lilly firm of Devine, was used to throw up the terraces. The power used to pull the ditcher was a Fordson Tractor donated by The Adams Co. Garage of Devine.

The work at the three places required three days time as the land was very much washed. One field where the work was done had gullies 4 feet deep through it. These three places should be watched by the farmers and more terracing should be done in the county.

## CAPTAIN KIRBY BURIED.

At the hour of going to press last week the funeral of the late Captain H. S. Kirby was being held.

Rev. A. M. Foster, pastor of the local Methodist Church and Worshipful Master of the local lodge of Masons, conducted the funeral. A brief funeral service was held at the home of the deceased, after which the service was completed at the place of interment. The beautiful and impressive Masonic burial service was used. A large concourse of friends and fraternal brethren of the deceased were present. The deceased had been a Mason for many years, and, if our information is correct, was one of the charter members who assisted in organizing Hondo City Lodge No. 756, A. F. & A. M. at Hondo.

The body of this aged citizen was laid to rest in the family plot in Oakwood Cemetery, and loving hands covered the mound with a profusion of nature's sweetest flowers. There, like the Patriarchs of old, he sleeps in the faith that attended him through the multitude of years that made up the span of his long life and found him still at the end unafraid.

Peace to his ashes.

### AGED CITIZEN DIES.

Martin Heisler, aged citizen of this county, died last Friday at the home of his son, Gus Heisler near Pipe Creek, after a brief illness. Mr. Heisler was a native of Alsace, France, and came to America when quite a young man. He had resided in Bandera county about thirty years. Surviving him are two daughters and two sons, Mrs. Otto Liebold of D'Hanis, Mrs. Arthur Vogt of McDonna, Gus Heisler of Pipe Creek, and Emil Heisler of near San Antonio.

Deceased was eighty-four years old, and was well and favorably known to the older settlers of the county. At the time of his death he was making his home with his son, Gus Heisler. Funeral services were conducted at the Catholic Church in Bandera Saturday morning by Rev. P. J. Boivin, and interment took place at the Catholic cemetery—Bandera New Era.

## ACCIDENTALLY SHOT.

Alton, son of Mr. and Mrs. Otto Mumme, aged about fourteen years, is in a San Antonio hospital suffering from a serious gun shot wound, accidentally inflicted.

From the best information obtainable, it seems the boy was hunting, and passing through a wire fence, pulled the gun, a 22-target rifle, after him. The gun hung on a wire and was discharged, the bullet passing through the fleshy part of one of his thighs, passed into his stomach and into the right lung, the missile perforating several of his intestines in its passage.

A Hondo physician was called, and after rendering first aid rushed the wounded boy to a hospital in San Antonio. While the wound is regarded as an extremely critical one everyone hopes that his youth and vigor will stand him in good stead and that he will survive the wound.

No news had been received from the hospital up to the time of going to press.

### NEWS ABOUT THE STAR.

"THE HUNCHBACK," the greatest picture of the age, was shown to appreciative audiences last Tuesday and Wednesday.

Dope is the menace of America—See "Human Wreckage" on February 17 and 18—The greatest anti-dope picture ever filmed. Every American who loves his country should see it.

Don't forget "The Rosary" next Monday, February 2 and Wednesday February 4. Lewis Stone plays the part as the Priest. He is ably supported by Jane Novak and Wallace Beery in this thrilling story of love surpassing, faith unflinching, and hate unbending. A sonnet of sweet sacrifice.

Coming next Friday and Saturday—Pola Negri and Jack Holt in "The Cheat." Incomparable Pola Negri in a brand new kind of role. Not a "VAMP" picture, not a tragedy—just a great big picture of sensational surprises. It's a Paramount Special at 10c and 15c.

## If you want

the real truth about why I signed up to write a lot of pieces for these people, it's because I love animals. Have you ever studied that picture of the 'Bull' carefully? . . . have you ever seen such a kind-looking animal? I thought this:—certainly no one who cares as much about dumb creatures as they do would put out anything but the best smoking tobacco possible—so I said all right, I'll write your stuff. Honestly, the money part of it didn't have much to do with it. That is, not very much.

Seriously, though, out where I come from, unless a male member of the population has got that 'Bull' Durham tag hanging from the shirt pocket, he's liable to be arrested for indecent exposure. And, you believe me, you can't sell those western hard-boiled eggs much and keep on selling them unless it's got class.

Will Rogers

P. S. I'm going to write some more pieces that will appear in this paper. Keep looking for them.

MORE OF EVERYTHING for a lot less money. That's the net of this 'Bull' Durham proposition. More flavor—more enjoyment—and a lot more money left in the bankroll at the end of a week's smoking.

AT THE COLONIAL

TUESDAY, FEBRUARY 3RD.

J. P. Lippold, Medina County Cotton Statistician, returned from a visit to his old home at Lockhart Wednesday afternoon. This was the first visit to his old home in Nineteen years, and he says he was a stranger in a strange land. All the adults at the time of his departure are now middle aged family men, while all his old school mates had grown out of his memory. Even the town and surrounding country had lost their familiar aspect, and it took him some time to locate old familiar spots of his younger days. However, he enjoyed the visit and the opportunity of renewing acquaintances of the days of Auld Lang Syne.

Grandpa and Grandma Tom McCall are both sick with the prevailing influenza and on Wednesday, celebrated the fiftieth anniversary of their marriage, by moving over to the home of their daughter, Mrs. Isaac Wilson, where they can be nursed through their indisposition. The entire community wishes for these good people a speedy restoration to health.

## LADIES' FORTY-TWO CLUB.

Mesdames L. J. Brucks, P. P. Brewster and F. S. Cockrell were hostesses to the members of the Ladies' Forty-two club on Thursday afternoon.

A decorative scheme of many colors was very successfully carried out in tallies, favors and center tables adornments. Multi-colored balloons bobbed gayly among the guests. These, with tallies in harlequin design, napkins of red and yellow, and mounds of multi-colored mints, on center-pieces of red and green, as center table decorations, created a scene of brightness and cheerfulness in keeping with the pretty, sunshiny afternoon and a spirit of gaiety pervaded the assembly of guests.

Fifteen games of "42" were played, Mrs. R. J. Noonan winning high score of eleven games, and Mrs. Oscar Schuehle low score—two games.

After the games a delectable lunch of olives, chicken-salad sandwiches, cheese sandwiches and hot coffee was served to the following: Garland Martin, C. J. Monkhouse, Felix Batot, Oscar Schuehle, Felix Richter, Geo. Heyen, Oscar Miller, R. J. Noonan, Earl Boon, Earl Starnes, Sadie Hutzler, L. E. Heath, Fletcher Davis, F. H. Schweers, John Hardt, L. J. Brucks, P. P. Brewster, P. S. Cockrell, Charles Johnson and Misses Florence Horner and Lucille de Montel.

The hostesses for the next meeting will be Mrs. L. E. Heath, Mrs. Fletcher Davis and Mrs. George Heyen.

## SPANISH CLUB ENTERTAINS.

The "El Circulo de los Amigos," Spanish Club, composed of tenth and ninth grade students of Hondo High School who made an average of B plus in Spanish, entertained with a "Mexican Supper" at the South Side Cafe on Wednesday evening.

The guests met at the home of the president of the club, Miss Anne Davis, and at 8:00 p. m. adjourned to the Cafe, the dining hall of which had been decorated in streamers of red and green, the club colors. The guests found their places at tables, gay in decorations of the chosen colors, by means of place cards designed in Spanish characters—gay Senoritas and gallant Senors—by Origen Crow, an ex-student of H. H. S. and an artist of no mean ability. The guests were served "Mexican Suppers" with plate favors of red carnations, the club flowers, and for several hours an atmosphere of "Old Spain" permeated the dining hall where "Spanish" from the lips of "Gringos" held sway.

The following were present: Prof. and Mrs. P. P. Breuster, Mr. Milton Schweers and Misses Bess Brucks, Irene Bradshaw, Harriet Nellis, Evelyn Griffiths, Marguerite Newton, Leora Horger, Ethna Nester, Olga Rothe, Maryetta Fly, Thelma Lynch, Anne Davis, Lillian Ulbrich, Alice Leinweber, Alice Muennink and Jo Miller.

## DIED.

Little James Henry, the fourteen-months old son of Mr. and Mrs. James Ware of this place, died in a hospital in San Antonio last Sunday night. The little body was buried in the San Marcos cemetery Monday afternoon, January 26, 1925.

The child was taken to the hospital from the ranch Sunday afternoon, suffering with locked bowels. It was operated on early Sunday night but never rallied from the operation dying about an hour and a half later.

The bereaved parents and grand mother have the sympathy of all who know them.

## Stop Night Coughing This Simple Way

People who have persistent, annoying coughing spells at night, and who through loss of valuable sleep are weakening their systems and laying themselves open to dangerous infections, can stop their distressing trouble promptly by a very simple treatment. Hundreds who have hardly been able to rest at all for coughing, have gotten their full night's sleep the very first time they tried it.

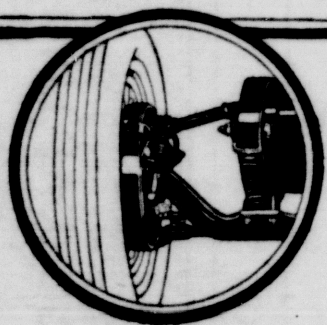

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The result is that you usually sleep as soundly as a babe the very first night, and the entire cough condition goes in a very short time.

The prescription is highly recommended for coughs, chest colds, hoarseness and bronchitis, and is wonderful for children's coughs and spasmodic croup—no harmful drugs. Economical, too, as the dose is only one teaspoonful. It is on sale at all good druggists. Ask for

**ALFALFA IS AN EXCELLENT MINERAL AS WELL AS PROTEIN SOURCE FOR STOCK.**

By Professor George A. Olson.

Wherever alfalfa has been successfully grown it has been found to be an exceptionally good feed for stock. It is frequently high in protein and serves excellently as the protein supplement with grains. Alfalfa contains calcium, sulphur and phosphorus. In addition to other minerals in various combinations which are extremely valuable in relation to the development of the animal. The alfalfa is a calcium loving plant and analysis of the mineral content shows large quantities of this element. Alfalfa also contains much sulphur and in respect to quantity it exceeds the phosphorus. It is now recognized that some of the good results which have been obtained from the feeding of alfalfa are due to the minerals which it contains.

The various minerals are found in the living cell structure of the plant and life processes could not take place without them. The same kind of relation is also found in the cell structure of the animal. The minerals enter the plant in a soluble state and are a part of the sap. As these minerals are carried to various parts of the plants very highly complex substances are broken down in the digestive tract, assimilated and carried to various parts of the body to be reformed into new complex substances.

The splitting up of fat, protein, starch, etc., is brought about through the action of small quantities of something which are classified by scientists as enzymes. One group of enzymes break up the proteins, another group splits up fats while a third group converts starch into sugar.

It has been observed that certain minerals are beneficial to quicker action of the enzymes than others. On the other hand some minerals impede enzyme activity. The minerals therefore serve as plant food and they also assist in the digestive processes. They are equally as important in body development. Those that are good for plants are also good for animals. It is, therefore, reasonable to believe that an inadequate supply of the elements in the soil affects the growth of plants and indirectly impairs animal development. This is apparent in some sections of our country since mineral supplements have been added to reinforce the minerals in the feed. The importance of minerals in diet should be further investigated and undoubtedly results will be obtained which will show the proper method of balancing the minerals and thereby make stock raising an easier task.

But why add the minerals to the ration if the same conditions can be brought about as by reinforcing the soil with those substances which are required by the stock and the application of plant food to the soil will favor increased yields and also furnish the minerals which the animals require for their needs.

It is generally well known what has been accomplished with the use of fertilizers in relation to crop production. Some places nitrogen and in other instances either potassium or phosphorus or the combination of the various elements have given very good results. More recently sulphur plant food has been advantageously used and in the form of agricultural gypsum, 100 to 500% increases in yield have been obtained. Such results show that soils are frequently short of essential plant food sulphur and doubtless the crops under these conditions are deficient in the minerals which the animals need.

Obviously some of the failures to grow alfalfa successfully have been due to the lack of some important plant food. In other instances the soils have been too wet or sour. On the higher elevations the soil is not likely to be wet or sour, nevertheless on some of them failures have been noted. If alfalfa has not been grown successfully on such land try agricultural gypsum; the possibilities are that such soils are low in this very

important plant food, sulphur.

With the successful growing of alfalfa there is assured an excellent source of protein which serves very nicely as a protein supplement to the grains containing low protein. It contains much of the mineral matter which is found only in limited quantities in the cereals and therefore becomes a source of the minerals required by animals. More recently alfalfa has been found to contain mysterious though vital substances which in several respects resemble enzymes. They are present in imponderable quantities and our knowledge concerning them shows that vitality and growth would be impossible in their absence.

**EXPERIENCE WITH BERRIES.**

I was asked to write a few lines on berry culture, my experience along the past 10 years. I begin the fall of 1910. The boll weevil infested and ruined our cotton on the sandy lands.

Studying over the proposition, I found by experience that my sandy subsoil was the ideal dewberry lands. So I started out by planting about 1 dozen Austin May Dewberries and 12 dozen McDonald Blackberries. I have out 2 acres in the Austin May, and 1 acre in McDonald blackberries. I also started out with a few strawberries but lost them. Of all these 10 years I have not made a failure in raising a nice crop for the market and all of them grew to be very large and fine and always sold readily on the markets.

I find out that the Austin Mays are a drouth resister. There are many acres of fine berry lands in Medina County, that would raise berries if the farmer would turn his attention to the business. Any one who wishes to visit my berry patch about the 10th of May would believe and be convinced by my statements and see the nice berries on the vines.

Any one wishing to know how to plant and prepare their lands for berries see or write me at Moore, Medina County, Texas. I also raise peaches, grapes and Japan plums and tomatoes for the markets.

W. H. H. DUBOSE.

We hope Mr. DuBose will not wait for interested parties to visit him, but write out his information on how to prepare and plant and let us publish it to all of Farming's Folks.

**APPRECIATED OUR HELP.**

Mr. Fletcher Davis,  
Editor "FLETCHER'S FARMING"  
Hondo,  
Texas.

Dear Mr. Davis:

Please allow me to express to you the sincere thanks of the chairman, Judge John Barton Payne, the Roll Call committee, of the American National Red Cross, and my own personal appreciation of the substantial aid you have rendered in our EIGHTH Annual Membership campaign, in the form of the splendid display you gave the announcement in your publication "FLETCHER'S FARMING."

With renewed and most cordial thanks for your kind interest, I remain,

Cordially yours,  
DOUGLAS GRIESEMER,  
Director Public Information.

**PARAGRAPHIC POTSHOTS.**

(Continued from first page.)

Which reminds me to say that the Farm-Labor Union of America is reorganizing its cotton market system, profiting by experience of the last three years operation, under measurable success. The reorganization move is a long step forward, and is attracting wide attention in the cotton trade the world over.

In this connection it is noteworthy that many leading bankers in the Southern States are coming to regard the selling system of the Farm-Labor Union with approval, while large plantation growers show increasing tendency to line up with this great and growing cotton market agency.

## The Co-Operation of All the People

### The Plea of Mrs. Ferguson's Inaugural Address

Upon being sworn in as the first woman governor of Texas, at Austin, January 20, 1925, Mrs. Miriam A. Ferguson delivered the following inaugural address:

Your Honors of the Supreme Court, Gentlemen of the 39th Legislature: Ladies and Gentlemen:

In assuming the duties of the governorship to which I have been called by the people of Texas, I find myself overwhelmed with the feeling of gratitude and responsibility.

Deeply grateful for the honor bestowed and conscious of the solemn oath taken, it now becomes my duty to enter into the active service of the people.

I shall not at this time attempt a detail of plans and policies. But on the morrow I will in a more definite way send to the Honorable 39th Legislature specific suggestions and recommendations setting forth the hopes and purposes of this administration.

While our Government is divided into three distinct parts—the judicial, the legislative, the executive—yet I hope and pray that there is to be that friendly co-operation on the part of each that will inspire the confidence of the people in the administration of their business affairs. One good way to establish this relation is for each department to recognize and respect the rights and powers of the other.

I extend to the judges of the courts, the heads of departments and especially the members of the Legislature a cordial and earnest invitation to visit the executive offices for conference on matters personal and official. We are all humble servants of a great people, and we must do our best for the common good.

The people have spoken. Their verdict is plain. Their edict is that this must be a government of law founded on the sacred Constitution handed down to us by the fathers and mothers of the pioneer days. To this end let us reconsecrate our lives and all that we possess.

Recognizing and freely admitting my inexperience in governmental affairs, I must ask the advice and counsel of others.

Perhaps this would not be a bad idea for others to adopt, even though

their training and learning may be more than mine. I shall endeavor to make this administration a success by team work. There is so much to do that no one mind can bring relief to the people. What Texas needs more than anything else at this time is a strong pull, a steady pull and pull all together. In this way we may climb the hill of difficulties that confront us.

With this great need pressing us, perhaps it will not be enough to depend upon logic and science

and statesmanship to realize our hopes and ambitions. In the turmoil and strife and passions of the hour too often do we find ourselves controlled by jealousies and envies that keep us from joining our fellow man in some great movement for the cause of humanity and the good of civilization.

It is then, my people, that we must turn to God, who can remove all envy and hate from every heart and unite us in love and forgiveness for all.

I am praying for this administration to be one of progress in matters spiritual as well as material. If the example can be set for a higher standard of morals and purity of life and conduct in public servants of the people, I shall feel that my administration has not been in vain. Let us not forget that it is more glorious to lay up treasures in heaven than upon earth.

As the first woman Governor of our beloved State, I ask for the good will and the prayers of the women of Texas. I want to be worthy of the trust and the confidence which they have reposed in me.

By the decree of our supreme court we women have been recognized and admitted into all the rights and privileges of citizenship. Many women will be invited to an active part in this administration. Let us give to our State the best there is in us. Let us render full service, not so much because we are women, but because we are citizens who are now to stand side by side with men upon the foundation of equal rights and equal justice.

With love for all, with malice toward none, trusting in God, I dedicate my life to my State.

HER EXCELLENCY.

Governor Miriam A. Ferguson.

Among the several hundred religions in the world, past and present, some appear to lead to the idea that all souls will be saved; while some leave room for inference that nearly everybody is headed for Heligoland on a greased toboggan.

Reminds of Dr. Parkhurst's theory that only such souls are saved, as are worth saving, which seems reasonable. The brute who tied his wife and tortured her insane by sticking needles in her body, would seem to leave room for the further inference that in the wrong end of the hereafter, some corners might be hotter.

A winter or two ago, I heard a bunch of "hamburger" roomers "argyin'" religion around a big stove, the discussion covering about

all the range between universal salvation and eternal damnation. In all the yow-yow, the Golden Rule was never mentioned.

Meantime, did you ever hear anybody "argyin'" about the meaning of the Golden Rule? Which would appear to indicate a large-size distinction between Christianity and religion. You see there is only one Christianity.

There are other differences. For instance, religion has been more or less mixed up with about all the wars of history, and at the bottom of many of them. But Christianity never

caused a war; for the reason that Christianity and war are incompatible.

However, lest I start an "argyment" I'll switch to politics with the suggestion that having read Fred Davis on the Child Labor Law, I feel impelled to say that Davis furnishes fair example of the difference between Statesmanship and politics. His article in last issue of FARMING on the subject was all meat.

However again, you may have observed that generally speaking, the politicians hold the offices and the statesmen remain at home; for the

reason I suppose, that the latter are too safe for the Soviets, and fail to pander to the pirates.

And speaking of these two dangerous extremes of anarchy in our country, did it ever occur to you that each furnishes excuse for the existence of the other. Do away with either extreme, and the other would not last as long as an ice cream cone at a coon convention.

Were it not such a serious matter, it would seem funny to watch how the gamblers manipulate the cotton market. For instance, when anything but cotton sells heavily, the fact causes a rush to buy, with advancing value. But I just read in market report that "liquidation in cotton causes heavy decline."

QUIHI NOTES.

Next Sunday school at 9:30 and  
regular divine service at 10:30 a. m.  
at Bethlehem Lutheran Church. All  
are cordially invited to all services  
in this church.

The Ladies' Aid Society of Beth-  
lehem Lutheran Church of Quihi  
will hold its regular bi-monthly meet-  
ing next Thursday afternoon, Feb-  
ruary 5th, at 2:30 o'clock in the old  
church. Important business, for con-  
sideration and action, will be brought  
before the society. The hostesses  
for the day will be Mesdames Jacob  
Oefinger, George Heyen and Louis  
Schweers.

The first program for the new year  
will be given by the Quihi Luther  
League Sunday night, February 8th  
at 7 o'clock. This program prom-  
ises to be very interesting and enter-  
taining. Several choice selections will  
be given by the church choir. Other  
musical numbers will be given by  
Miss Alma Grell, Miss Maggie Reitz-  
er, Miss Emma Brucks and Mr.  
Frank Boehle. Among the literary  
numbers will be select readings by  
Mr. Alvin Balzen, Misses Lizzie Hart-  
man and Nora Schuehle, a lecture,  
"Jacob and Esau" by the pastor and  
a declamation by Miss Hulda Neu-  
man. A cordial invitation to come  
and enjoy this program is extended  
to all.

Last Saturday the infant daugh-  
ters of Mr. and Mrs. Sterl J. Haby  
and Mr. and Mrs. Robert M. Groff  
received the sacrament of holy bap-  
tism in Bethlehem Lutheran Church.  
The child of Mr. and Mrs. Haby was  
named Dearvean Scharve Julia, while  
that of Mr. and Mrs. Groff was named  
Angelina Cydina Marion.

**\$3,280 PRIZES OPEN TO CORN  
FARMERS IN TEXAS  
COUNTIES.**

Prizes totaling \$3,280 are offered  
to corn farmers in Texas counties  
who make entries in the National  
Seed Corn Show to be held in Chi-  
cago March 2 to 7 under the auspices  
of the Sears-Roebuck Agricultural  
Foundation, an announcement received  
here states. The show, which is to  
be held during "Seed Corn Test  
Show," is intended to drive home  
the need of a high germination seed  
corn policy to insure the country a  
normal 1925 corn crop.

In addition to the \$100 dollar prize  
to be awarded to the farmer in the  
county showing the best ear of corn,  
a thousand dollars in gold is offered  
to the farmer in Texas or the United  
States who exhibits the nation's  
champion ear. Another prize of a  
thousand dollars to the Agricultural  
agent, farm bureau, agricultural or  
community organization of the con-  
ty displaying the largest number of  
entries is also announced.

The show is open to the entire  
United States. Any person—boy and  
girl, man and woman—may enter an  
ear of corn. Parcel post entries will  
be received any time up to the night  
of March 7, and each ear must have  
the name, address, county and state  
of its owner on a paper which should  
be wrapped securely around the ear  
with the writing on the outside. No  
ear will be awarded a prize until test-  
ed for vitality and disease resistance,  
the judges to be selected by the  
American Society of Agronomy.

Entries should be addressed to the  
National Seed Corn Show, Sears-  
Roebuck Agricultural Foundation,  
Chicago.

**SAN ANTONIO TO BECOME  
BROOM CORN MARKETING  
CENTER OF SOUTHWEST.**

San Antonio is destined to become  
the broom corn marketing center of  
the South, according to plans for pro-  
duction now under way in Medina,  
Uvalde, Frio and Dimmit Counties,  
in which more than 2,000 acres have  
been pledged to this crop for the  
coming season. The crop is to start  
moving about the latter part of  
June and provision is now being  
made by San Antonio railroads to  
provide storage in transit space in  
this city which will make of this the  
broom corn center of the State.

While Texas stands fifth in pro-  
duction of broom corn it is second in  
number of pounds production per  
acre, being lead only by Missouri  
with 520 pounds per acre. Texas  
crops ran 438 pounds per acre. Il-  
linois was third with 425 pounds per  
acre, and Oklahoma fourth with 353  
pounds per acre.

Oklahoma is the banner State in  
total production. With 43,100 tons  
for the past season Oklahoma lead all  
other States by a wide margin. Illi-  
nois was second; New Mexico, third;  
Kansas, fourth, and Texas fifth, with  
4,800 tons.

Broom corn was first grown to any  
extent in the Winter Garden Trail  
section around Big Wells, Crystal  
City and Asherton, in the Spring of  
1923 when an acute shortage decid-  
ed dealers from the North to plant  
corn there in order to be in on the  
earliest markets.

The dwarf variety, which has been  
determined as the best for this sec-  
tion, will be grown extensively for  
the first time this year at Big Wells  
and Crystal City and the S. A., U. &  
G., and Asherton, Eagle Pass, Sabi-  
nal and Hondo on the S. P. Railroad.

This move is being sponsored by  
the C. D. Jarratt Company of San An-  
tonio, this firm having signed this  
acreage through Gilbert Taylor, and  
will place threshers and balers in  
charge of competent men, at each of  
these stations to aid in properly han-  
dling and caring for the corn.

Southwest Texas produces an  
extra fine quality of broom corn, ac-  
cording to Mr. Taylor, and the dwarf  
variety being raised here is a better  
drouth resisting plant than other  
varieties and produces as fine corn  
for broom-making purposes as the  
other varieties, he said.

Sufficient moisture has already fal-  
len in Southwest Texas to insure the  
crop that is soon to be planted.  
Mr. Taylor said, and as the proper  
handling, which is most essential to  
securing of top prices, has already  
been provided for, the Winter Garden  
Trail will this year add to its prop-  
erty through this comparatively  
new crop.

The new corn is to be marketed  
under the Winter Garden Trail  
brand, Mr. Taylor said, thus giving  
that section added advertising and  
publicity which it so much needs  
just at this time.—San Antonio  
Express.

**BOYS AND GIRLS CLUBS.**

About 70 boys and girls in Seco,  
D'Hanis, Kincheloe Prairie, Biry,  
Shook, and Black Creek schools said  
that they would join the agricultural  
clubs being organized by the county  
Agent. These schools were visited  
last week by J. P. Forgason, County  
Agent, accompanied by County Su-  
perintendent Saathoff. Mr. Saathoff,  
in introducing the County Agent  
and heartily endorsed club work and  
pledged the support of the teachers  
in making the work a success. He  
also told of the club work going on  
in the other counties. Songs and  
whistling were carried on at nearly  
every school and the children were  
very enthusiastic over club work.

County Agent Forgason told a lit-  
tle more of the innerworkings of  
club work and he promised the boys  
and girls a good time and at the same  
time learn a great deal about the  
scientific side of agriculture. The  
clubs will meet once a month and  
the boys and girls will put on a pro-  
gram arranged by themselves. These  
programs will consist of talks by the  
different members of the club on the  
project of which they have chosen  
for their work. After the program  
instructions in judging livestock,  
grain, and poultry will be given by  
the County Agent. When not judg-  
ing the whole club will be taken to  
the different members projects and  
let each one see what the other boy  
or girl is doing.

Several more schools will be visit-  
ed by the County Agent and the  
hope is that there will be 200 boys  
and girls in club work in Medina  
County. There are 25000 club  
members in Texas and we want Me-  
dina County to have its share in this  
number.

Hondo, Texas, November 5, 1891,  
and two years ago married Miss Cyna  
Treadwell of West Columbia, moving  
to Houston, where he has been em-  
ployed in the assembly department  
of the Ford Motor Company.

He was a world war veteran, serv-  
ing in the hospital corps.

Funeral services were held Thurs-  
day morning at 10 o'clock at the  
Fogle-West undertaking parlors in  
Houston, attended by a large con-  
course of friends.

The remains were brought to Al-  
vin Thursday afternoon, arriving at  
the Confederate cemetery at 3 o'-  
clock, where the funeral services were  
concluded, Rev. Robinson officiating.

Mr. Dodson is survived by his  
widow, his parents, Mr. and Mrs. J.  
J. Dodson, two sisters, Mrs. Ralph  
DeWitt and Mrs. W. J. Evans, and  
his aged grandmother, Mrs. M. Wal-

## CARD OF THANKS.

In our double bereavement, when we are called upon to mourn the passing of both of our parents within a few days of each other, we feel especially grateful for the many kind expressions of sympathy and for the many acts of helpfulness and kindness so generously extended us. We thank you, one and all.

Yours in sorrow,  
THE CHILDREN

of Mr. and Mrs. Leo Tschirhart,  
Deceased.

## THRESHING NOTICE.

I will thresh cane seed at my father's place, February 10, 1925.  
LOUIS MEHR.

on business bound.

Joe J. Rihn joins our happy band of readers this week.

We learn that a 32-calibre pistol was found in W. W. Wernette's lot supposed to be the weapon with which Jose Lopez was shot and instantly killed.

One of the cold northers followed by sleet, came down on us Monday evening.

The dance at the Electric Park, was largely attended and very much enjoyed.

Mesdames Harry Hans and Alfred Hutzler were taken to San Antonio during the past week for medical treatment.

## DIED.

The Bell at St. Louis Catholic Church again tolled Thursday at noon, January 23, 1925, announcing the demise of Mrs. Katherine Tschirhart (nee Schneider) beloved wife of Mr. Leo Tschirhart (who preceded her in death Sunday, January 18, 1925.) Her mortal remains were laid to rest at the Catholic Cemetery on Friday afternoon, Rev. Father Heckman performing the last sad rites.

Deceased was born at Castroville September 19, 1855. She was happily married to Mr. Leo Tschirhart April 14, 1875. This union was blessed with nine children, three sons and six daughters, who all survive. Besides those mentioned she leaves thirty-seven grand and seven great-grand children and one sister, Mrs. Jacob Groff, and a very large number of other near and dear relatives to mourn her loss. A good woman has gone to her last reward.

Deceased was a devout Christian lady, a dutiful wife, a loving mother, a kind and accommodating neighbor, always ready to lend a helping hand and was beloved and respected by all who were fortunate enough to come in contact with her. A very large cortege of mourning relatives and friends escorted the remains to their last resting place. We join this entire community in sympathy with the bereaved and grief-stricken ones.

## I AM THE COUNTRY WEEKLY.

Bristow Adams in Mississippi Free Lance.

I am the Country Weekly.

I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening light of summer's pine-clad porch or the glow of winter's lamp.

I help to make this evening hour; I record the great and the small, the varied acts of the days and weeks that go to make up life.

I am for and of the home; I follow those who leave humble beginnings; whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old like find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth, and love, and death,—the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market-place of the world. Into the home I carry word of the goods which feed, and clothe, and shelter, and which minister to comfort, ease, health, and happiness.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the exponent of the lives of my readers.

I am the COUNTRY WEEKLY.
